

Math Contest

Friday March 5

3:00 - 4:10 PM Room Weaver 110

You may bring a scientific or graphing calculator

This exam is the second of two exams given by the American Math Association of Two Year Colleges.

After Contest #1 Sierra College is ranked 16th nationwide!

Cleverness is needed to take this test, calculus is not.

Team score is the total of the top five scores, so the more contestants we have, the better our chances.

Come and be a part of our team.

Extra Credit may be available in your math class. Check with your instructor.

For more info contact Cliff Myers V-315C 660-7966 Ken Johnson V-315B 660-7964

If you would like a copy of an old contest to look at, please stop by Ken Johnson's office (V-315B) and he'll give you one (or a few).

There are also six practice contests on the math department website
